<b>Title: Strobe Light Use</b>	<b>Procedure #: 045</b> <b>Page: 1 of 1</b>	<b>Section: Operating Guidelines</b>
<b>Effective: October 2020</b>	<b>Last Reviewed:</b>	<b>Next Review: October 2023</b>

<b>Statement</b>	<p>Student Transportation Services Brant Haldimand (STSBHN) believes that safety is the primary focus of the services it provides. In an effort to increase the visibility of the buses which transport students of the district, especially in fog, snow, rain or low light conditions. All school busses will be equipped with a rooftop strobe light.</p>
<b>Procedures</b>	<p>All school busses will always be required to have the rooftop strobe light powered and activated while students are on board regardless of the time of day or the current weather conditions.</p> <p>As part of the daily circle check, the strobe light affixed to the top of each school bus will be checked to ensure that it is in proper working order before departing to start the route. Defects to the strobe light shall be deemed to be 'minor' and shall be reported in the vehicle's log book, or equivalent reporting system, for repair at the operator's maintenance facility.</p>
